

# Meet The Team

*Brian Maw, CEO*

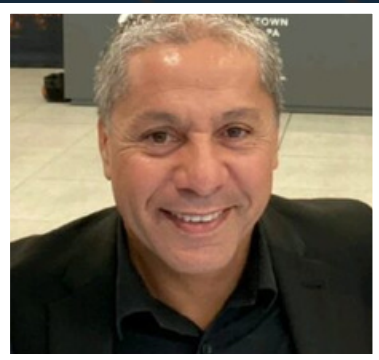

Brian has over 20 years of experience in innovation, specializing in mobile technologies and financial services. His expertise includes international payments, consulting for payment networks and startups, and advising on mobile apps, digital wallets, blockchains, and fraud management

Chris Benedict is the Chief Operating Officer with an MBA in Finance and Marketing. His passion is in launching innovative technologies, making him an imperative asset to the BitMobile team. He has a background working in the global payment markets and emerging technologies in both the large company scale and startup environments.

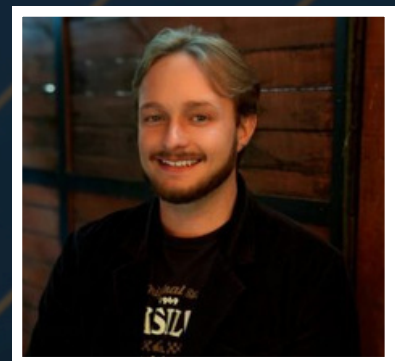

*Chris Benedict, COO*

Need Bio

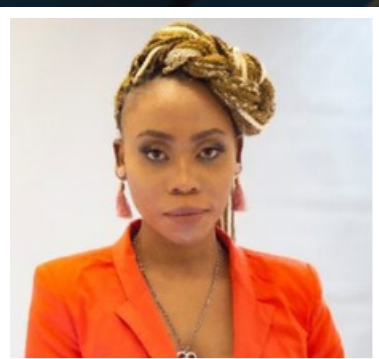

*Nezaam Harris, Director Africa*

Paul is passionate about blockchain adoption and advocates for thinking globally while acting locally. With over six years of experience in blockchain and five years in marketing, he is well-equipped to drive innovation and growth. Paul welcomes the opportunity to connect and explore how to shape the future of blockchain together.

*Paul Prinsloo, Marketing Director*
